Yamaha outboards are fitted with an identification plate (see main picture) on the port side engine mount bracket; this is the bracket that mounts the outboard to the transom of your boat. The outboard plate displays the model code, shaft length, serial number and older models also a quick reference letter that reflects 'production year'

Yamaha's smallest Portables, the F6, F4 and F2.5, weigh in at as little as 37 pounds, with streamlined overhead-valve, one-cylinder designs. Their light weights, combined with built-in carrying handles, resting pads and an oil-leak prevention system for on-side storage capability create true portability.
