Das Kapital, Karl Marx's seminal work, is the book that above all others formed the twentieth century. From Kapital sprung the economic and political systems that at one time dominated half the earth and for nearly a century kept the world on the brink of war. Even today, more than one billion Chinese citizens live under a regime that proclaims fealty to Marxist ideology.

Simon Critchley (born 27 February 1960) is an English philosopher and the Hans Jonas Professor of Philosophy at the New School for Social Research in New York, USA.. Challenging the ancient tradition that philosophy begins in wonder, Critchley argues that philosophy begins in disappointment. Two particular forms of disappointment inform Critchley's work: religious and political disappointment.

Likewise, it is impossible to think or act politically without reference to the still indispensable notion of the Common Good, the good shared by all within a political community or social aggregate. To resort to the common good is to reject despotism as we have already suggested, a point underappreciated by most soi-disant liberals. But as ...
