Gis Integration To Maximo

Amy Tatum, Solutions Director with Starboard Consulting, recently joined Jason Dietrich, SDE Administrator with CoServ Electric and Gas, to discuss in more detail below how their gas leak tracking enterprise solutions integrate GIS with Maximo. Together, Amy and Jason have a combined 30 years of industry experience.

Why Integrate GIS and MAXIMO Solutions ... - Starboard ...

SSP worked extensively with an Esri/ArcFM™ GIS integration to Maximo between the years of 2007 and 2011. Our participation was twofold. First, SSP won the contract to convert much of the asset data that had previously been managed only in the GIS into Maximo locations, assets, classifications, and work order history.
