Mercury Marine 2.2M HP Outboard Motor Parts by All Engine ...

The Mercury 2+2 motor is from an earlier epoch of outboard motors. It is a low-technology motor, and a high-emission motor. I don't think Mercury even makes them any more, and if they did, they probably could not sell them unless the sales volume was a tiny fraction of their total product mix so as not to affect their overall emission limits.

Re: how to bypass Mariner 115HP 2+2 cylinder activation Once the 2 + 2 system is dialed in, following the FACTORY service manual, most operators cannot tell the difference. Slow speed, mid speed, or WOT, it just works. The adjustments are absolutely critical, without the service manual you haven't much chance it faking it.

Mercury 2.2 HP 2-Stroke Outboard Service Manual PDF Download

Mercury is more of a leisure boating brand, and Mariner is more a fishing-centric nameplate. The OEM outboard parts inside are the same. How is a Mercury outboard different from a Mercury race outboard? The Mercury race outboard uses different engineering inside and often includes lighter materials like carbon fiber in its construction.
