LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The Complete Guide To Creative

The Complete Guide to Planning Creative Projects. Creative teams that ignore the planning stage of the creative workflow will always run into chaos somewhere in a project's lifecycle. Teams that plan too much can end up drowning their creatives in so many meetings, emails, and other administrative tasks that there's hardly time to be creative.
