Power shifts, economic change and the decline of the west ...

The report questions some assumptions about what has happened to global manufacturing in the last half century, but leads me to three observations: 1. UK industrial decline is real. The article shows that, between 1960 and 2015, of all advanced economies, the UK saw a greater drop in manufacturing employment than any country apart from Switzerland.

The decline of UK manufacturing is devastating - it's time ...
